

Free, At-Home School Readiness Program for Native American Families

Waterford UPSTART offers in-home school readiness that gives children a fun start in reading, math, and science in just 15 minutes a day, 5 days a week!

NO COST

Waterford UPSTART provides children with in-home school readiness at NO COST the year before entering school.

Waterford will provide a computer at NO COST (which you may keep upon completion) and Internet while enrolled if you don't have it.

INDEPENDENT & FUN

Waterford UPSTART is easy to use making it possible for children to work independently and it will capture their interest and imagination with engaging books, songs, and activities.

Waterford UPSTART is available to children in the year before they enter kindergarten.

PERSONALIZED

Waterford UPSTART uses the award-winning software Waterford Early Learning. It provides hundreds of hours of instruction with an individualized learning path, which builds upon children's strengths, knowledge, and skills.

Children receive personalized reading, math, and science lessons.

FULL SERVICE SUPPORT

Each family receives personalized coaching support that includes updates, guidance, and encouragement. You can also monitor children's progress with Waterford MENTOR, an easy-to-use website and smart phone app.
