Questions and Responses to RFP 2021-0002

Internal Audit Services

<u>Questions</u>	<u>Responses</u>
For the composite cost proposal, can we propose a second composite rate for our IT specialized services that we offer. This is done by our IT expert team and these type of services have a higher composite cost than our internal audit services, such as IT risk assessments, IT compliance, Cybersecurity, Pen (Internal and External) testing etc.	ECECD encourages costs to be inclusive as deemed necessary by the firm submitting the proposal.
