

# Child Care Assistance Co-payments Waived

The Early Childhood Education and Care Department (ECECD) is expanding its current commitment to **pay eligible families' child care assistance co-payments** to all families that qualify for child care assistance. Currently, families that make at or below 350% of the Federal Poverty Level (FPL) (\$97,125 a year for a family of four) qualify for child care assistance. Qualified families remain eligible up to 400% FPL (\$111,000 a year for a family of four).

**Beginning May 1, 2022, the New Mexico Early Childhood Education and Care Department (ECECD) will waive child care assistance copayments for any family that qualifies for the program until June 30, 2023.**

The U.S. Department of Health and Human Services defines affordable child care as no more than 7% of a family's annual income. **Until June 30, 2023, eligible New Mexico families earning less than 350% FPL will pay 0% of their annual income for child care.** To date, no other state has enacted a child care support program that provides no cost care to such a broad economic demographic. Once a family is determined to be eligible for Child Care Assistance, that family remains eligible up to 400% FPL—so a modest increase in income won't mean losing Child Care Assistance.

Funds to pay for co-payment expansion will come from the federal American Rescue Plan Act - Supplemental 2021.
