The New Mexico Early Childhood Education and Care Department (ECECD) is excited to announce available grant funding for New Mexico PreK (NM PreK). **This funding is available to tribal programs.** The program aims to expand equitable access to high-quality early childhood education across New Mexico.

ECECD is offering a virtual office hour session to support tribal providers interested in learning more about NM PreK. The session will provide an overview of the NM PreK program, the application process, and opportunities for collaboration to better serve children and families. A question-and-answer period will follow the presentation.
